Math Appeals Process

Students who believe they are not prepared for courses they are placed into may opt to take a lower level mathematics course. For example, a student who has a 15 ACT Math sub score may choose to take Math0099 instead of Math1010. Students who believe they are stronger Math students than their ACT sub score indicates may appeal their math placement by contacting Denise Gregory in the Student Success Center at dgregory@shawnee.edu or phone 740-351-3594. Ms. Gregory will consult the Mathematics Department and respond to each appeal.
